Dear Children and Parents of Maple Class

I would like to introduce myself: my name is Miss Jeffers and I am a PGCE student teacher. I am fortunate to be on placement in Maple Class from now up until Easter.

I have a passion for reading and wholly believe that prioritising children's literacy opens the door to learning in all subjects. I have already enjoyed discussing fictional books with many of the children and I am pleased that the learning environment within Maple class promotes the importance of reading.

My teaching specialism is history. I am really looking forward to working with the children in Maple class as we explore what the clues from the past can tell us about how people lived then and the impact on our lives today.

I also have particular interests in science and the natural world which I look forward to sharing with the children during my time at Littledean CE School.

It has been a pleasure meeting your son/daughter and I look forward to meeting you also.

Yours sincerely

Miss L. Jeffers

Head teacher: Mrs Hayley McGoldrick
