

## PE

In outdoor PE we are learning the rules and skills of hockey. Gymnastics is our focus for indoor PE

## Forest School

We will be experiencing Forest School through our five senses and observing how the wood changes through the season of autumn.

## Maths

We will continue to develop our mathematical knowledge and skills. This will start with place value. Other topics will include mental addition and subtraction, comparison of fractions, angles and time. Each week there will be opportunity to practise our times tables and take part in problem solving.

## History

To start our topic we will learn who the Ancient Egyptians were and where they lived. We will learn about who built the Pyramids and about Howard Carter .

We are planning to visit the Egyptian collection at the Fitzwilliam Museum in Cambridge, we will also plan a have a fun Egyptian themed day .

## English

When writing we will quicken our pace, have accurate spelling and near consistent handwriting.

We will be using fables as our text and examining what moral message the author was trying to convey through these.

## Art and Design

We will be making objects linked to our history topic. There will also be an opportunity for some observation drawing

## French

We are learning greetings in French and how to count up to 20.

## RE

In RE we are preparing for harvest as well as looking at the story of the creation and at what Christians learn from this.

## Science

Healthy eating and healthy bodies. Learning about the food we eat and how it can be divided into different food groups. Examining the ways we can stay healthy through food choices and exercise.
