'Stay SAFE online'

Friday 2nd February 2018

Dear Parents/carers,

Next week is mental health week. The children will be involved in a variety of activities that will help them to feel confident about themselves and to have an understanding of others' needs. Each family has been given a leaflet about this.

Internet safety - "Create, Connect and Share Respect: A better internet starts with you".

Next week is also the start of 'internet safety fortnight'. It is our responsibility to keep our children, ourselves, and our community safe online. Technology moves at a rapid pace and our children all want to keep up with it, this means that they can access inappropriate content and potentially people, very easily. Something that seems quite innocent can, in fact, be incredibly dangerous.

Do you always know what your child is watching on youtube? Is your child playing an 12/16/18 rated game? Does your child actually know the person they are messaging? Has your child shared personal information about themselves online?

For vital information for parents about online safety, please click the hyperlinks or visit our website for further links and information.

Mobile Phones in School: Your child is not permitted to bring a mobile phone or other device into school. If they do, they must hand it in to the office until the end of the school day.

PE kits: Please check that your child has the correct/labelled PE kit. Please include a pair of **socks**, especially if your child wears tights. Thank you!
