

Carrington Junior School Accessibility Plan

Carrington Junior School is committed to reducing barriers to learning and assessment and improving the access to inclusive education of all learners with special needs or disabilities. Carrington Junior School provides a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their age, education, physical, sensory, social and emotional needs.

The school's accessibility plan addresses our duty under the Children and Families Act (2014), The SEND Code of Practice (2015) and the Equalities Act (2010). All school staff have a responsibility to identify children who may be in need of extra help or who are suffering, or are likely to suffer, significant harm. All staff then have a responsibility to take appropriate action, working with other services as needed. (Keeping Children Safe in Education September 2019)

Staff are committed to give all our children equal opportunity to achieve and succeed.
