22 October 2019

Dear Parents/Carers,

Please be advised that we will shortly be implementing a programme of lifting sling inspections to comply with LOLER Lifting Operations and Lifting Equipment Regulations 1998.

To achieve this your son/daughter's sling will need to be available in school on a date to be advised to allow these checks to be carried out. Without this check being performed a sling would not be able to be used in school until the next inspection.

These checks will be performed every 6 months. A small tag will be applied to the sling confirming its compliance, which must not be removed. However, if slings are not up to standard, they will not be allowed to be used on school premises and you will need to contact your occupational therapist regarding a replacement.

Please do not hesitate to contact me should you require any further information.

Yours sincerely

*Deb Rattley*
