

Tredington Primary School

E-Safety in Schools

We aim to develop in our children a passion for learning; strong moral, social and cultural values; a hard working 'Can do' attitude; the ability to communicate with others clearly and a desire to explore and understand the world around them.

Our school mission statement is:

Friends learning together.

Explore, create and share.

E-Safety is of paramount concern whenever we access the internet as a school. In order to provide children with the ability to use the internet safely we hold an E-Safety week each year as well as embed E-Safety in all of our Computing lessons.
