03 May 2019

Dear Parents/Carers,

We hope that you all had a good Easter break and that the children are ready to come back with all pistons firing!

Geography:

Our Geography topic this term is Natural disasters: Earthquakes and Volcanoes. The children will learn about living with the danger of earthquakes and why they occur. They will create earthquake-proof structures and their own exploding volcano!

Science:

In Science we will be looking at habitats and how we can help them. In particular, we will focus on the impact of climate change on animal's habitats. After half term we will study animals more closely, learning how to classify what a living thing is.

Music:

4D are a few weeks into their First Access violin and cello programme with Mr Bettle and have recently started to use the bow with surprisingly tuneful results! They will be performing a concert at the end of the year to show what they have learned. Invitations will be sent out nearer the time.

P.E:

Please note that this is the time of year when most jumpers get lost as children take them off when the weather warms up. Please make sure that your child's jumper is clearly labelled and doesn't become part of the lost property mountain! Also, can we please make sure that children have their correct P.E kit in school at all times.

Once again thank you for all of your support and understanding. Please do not hesitate to contact one of us if you have any concerns or queries at all.

Kind regards,

Miss Cooper and Miss Doughton.
