

Summer Term Homework (1st Half)

Welcome back! I hope you've had an enjoyable Easter holiday. We have lots of exciting things planned this term and will be starting a new unit of topic in the coming weeks, which you will receive a topic web for. However, the topic we are currently working on is a Geography based unit around a city in Nigeria called Benin. As stated above, we will be finishing off this topic in the next week or so, but children will be required to complete one homework assignment due just before the end of the term in relation to it (see below).

Numeracy

Please continue to recall and use the times table facts (to 12) by heart – these will continue to be used and assessed on a regular basis and students will be required to complete a times table check in the second half of the summer term. More details will follow. We will continue to learn them in class, as well as division facts and fractions this term.

Topic

This half term your topic homework will be to research ONE of the countries in AFRICA. You must NOT pick the country of Nigeria, as that is the country we have been covering in class. You can present your findings any way you like, for example, in a report (fact file), a poster board, diorama, PowerPoint presentation, video, etc. You can include some of the following things in your research (these are just suggestions):

- A picture of your country.
- Location of your country (where is it on the continent of Africa)
- Physical features (natural geographical features/attractions)
- Human features (man-made attractions)
- Country flag/flower/animal
- Any other information you might think is interesting or important.

Again, it is up to you as to how you wish to present your information. Please can your topic homework be returned to school by Wednesday 22nd May (before hand, if completed earlier).

Each week I will continue to test spellings. Please practice the words sent home. I also ask that you read daily.

If you have any questions or queries, please do not hesitate to contact me.

Thank you for your continued support,

Mrs Frost and the Year 4/5 Team
