

Mathematics

- This half term we will begin by finishing off our geometry unit before moving on to measurements. This will include learning about the following:
- Properties and nets of 3D shapes.
 - Perimeter and area of quadrilaterals and triangles.
 - Translation and reflection.
 - Properties of a circle.
 - Calculating time intervals and reading time tables.

PSHE

Dreams and goals:

Children will discuss their goals and work on steps they can take to achieve them. They will learn about making a difference in the world and how they can help others.

Literacy

Class Text: Kensuke's Kingdom

Linked to our Around the World topic, we will be using Michael Morpurgo's novel as the basis for our narrative writing.

SPAG:

Use of semi colons, colons and dashes to separate main clauses.

Science

Living things and their habitats:

This unit focuses on the classification of all living things by taxonomists. Children will learn about Charles Linnaeus and the Linnaean system of classification.

Topic

Year 6 Spring 1

D&T / Art

We will begin by creating a display for our Kensuke's Kingdom text using paint and clay. Following this, we will learn about perspective and still life drawing.

P.E.

Our PE sessions will be based around rugby this half term.

I.C.T

We have travel writers:

Using google maps, weather reports and filming news to support our Around the World topic.

Religious Education

Our topic this term is Islam. We will learn about the Prophet Mohammed, Hajj and the features of a mosque as well as the similarities and differences with Christianity.

Geography

Around the World:

In this topic we will be studying the geography of the world including different climates and weather systems. We will also learn about landmarks of the world as well as reinforcing previous learning on map and atlas reading skills.

Music

Charanga music:

This half term's learning will be based around the music of Benjamin Britten.
