

## Message from the Headteacher

Dear Parents and Carers,

We have had a fabulous start to the school year. It has been an absolute pleasure to welcome the children back into school. They have demonstrated such resilience and commitment to learning over the past 2 weeks, we are so proud of them. I would like to say a big thank you to our parents and carers for being so understanding and supporting us in carrying out the safety measures to minimise the risk of spreading COVID 19 in our community. Please can we remind you to be mindful of social distancing, to keep pathways clear and adhere to the drop off and pick up times. We are working on updating our website so that it provides you with as much information about the school as possible. We also have a new Instagram account, <https://www.instagram.com/broadmereprimary/> make sure that you follow us for updates and celebrations of our amazing school. We will be putting a video on the website, sharing information from the class teachers.

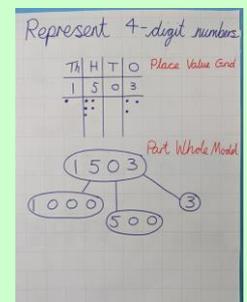

### Year 2

The Year 2s have had a lovely busy few days. We have been working hard in consolidating place value in Maths and we wrote a magical thank you letter. We also have been budding scientists growing cress plants and recording our data and findings. We have been super street detectives in Geography and went on a virtual tour of London, and saw many landmarks such as Nelsons Column, Big Ben, Tower Bridge and the Houses of Parliament.

### Year 4 Topaz

Topaz class have done excellently during their maths lessons this week. We have continued to learn different representations to help our understanding of place value up to the thousands.

### Year 3

Our topic for the Autumn Term is;

#### Scrumdiddlyumptious.

We have been watching clips of the film Charlie and the Chocolate Factory, written a character description of the main character Charlie Bucket and written our own recount using descriptive vocabulary and the five senses. The children have come up with super sentences using effective vocabulary, spelling and punctuation.

### Year 4 Turquoise

Year 4 have been working on sketching and shading potion bottles, in line with our topic, Potions. We used watercolour paints to add a touch of magic by using a water wash and then building the paint over it.

### Year 6

Year 6 have made an amazing start to the year and settled quickly back into the school routines. We have enjoyed being introduced the theme for this term called 'Hola Mexico' where we have started looking at the geographical locations and different features of the country. We are looking forward to our art project next week when we will be designing and making our own 'dia de los Muertos' skulls. In English, we have been using the story of Holes by Louis Sachar as our stimulus for some descriptive writing about the desert and we have been investigating how shadows change during our Science unit about Light.
