

Coalway Kids News!

Term 3 - 2018

Welcome again to 'Coalway Kids News!' This is the newsletter created by the children of Coalway Infant School and reflects our views, opinions, feelings and thoughts about what we learn and take part in at our school. Please let us know if there is anything you would like to see in our News.

This term we are reporting on some very interesting events at Coalway Infant School; 'Zippy's Friends', The Planetarium Dome, Design and Technology Celebration Day and Safer Internet Day.

How are you feeling today?

We have been learning about how to talk about our feelings with a stick insect called Zippy! He helps us solve problems without getting upset. Classes 5 and 6.

We have learned that if you have a problem or you feel sad you should **tell someone!** You can tell Mums, Dads, Nans, Grandads, Teachers, Big Brothers and Sisters, Friends etc. Classes 3 and 4.

Every morning when we come into school we go to the 'feelings door'. We put a 'thumbs up' or 'thumbs down' next to our name. Our teacher will talk to us about how we are feeling. Classes 1 and 2.

We are going to learn about all the different ways to keep happy and cope with problems. How do you do it?

Classes 5 and 6 have been learning about Space this term. We had a very big surprise when we came into school last week. There was a Planetarium Dome in our hall!

Mind-blowing!

Trystan

Like a birthday wish! Evie

It blew me up to space! Fletcher

Spectacular!

Miss Screen

It was like all my dreams come true! Emily

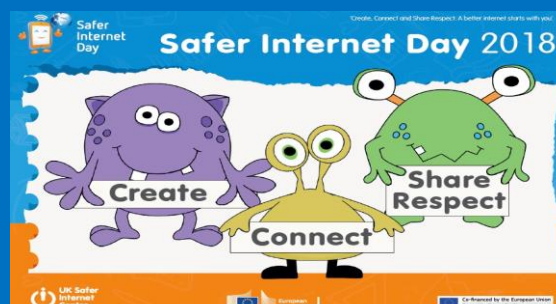

It was like a fairytale. Sophie

It was epic! Classes 5 and 6

On Tuesday 6th February it was 'Safer Internet Day'.

We all learned some important messages to help us keep safe online. We made posters, pictures, book bag labels and played games. Year Two also learned about being kind online.

We learned about 'Smartie the Penguin' who reminds us to think before we click and tell an adult if something pops up on our screens.

PCSO Lauren Thompson came in to school to talk to Classes 5 and 6 about being safe online. She showed us an important video about this and answered our questions. Thank you.

Some useful websites if you would like to learn more. Please see the links on our school website also.
