Dear Parents/Guardians

Wow what a fun term we have had in the Drama Factory, I hope you have heard about the brilliant projects we created this term and the creative work completed in the classes? We continue after the Spring break and we have spaces available. With more amazing projects planned for next term and knowing there are many budding performers who can enhance their talent, from what I hear, why not come along and give it a try! Berzerk Productions will be providing a Drama Factory Club on Mondays after school from 3:30 – 4:30 for years 3 and above and Fridays after school from 3:30 – 4:30 for reception to year two, both in the school hall.

Many students have already benefited from the unique style of workshops privately and this has now been opened with help from Wokingham School Cluster. This enables the classes to be at a reduced price of £35.00 per term or £3.50 per session if under 10 weeks. With only limited spaces available please complete the below form ASAP. The classes involve exercise in voice, improvisation, trust, self esteem, confidence, mime... and of course oodles of Fun! Also various creative projects i.e. Short films, shadow puppets, small performances etc. (Year 3 and above). **Please note, that all students who wish to attend the drama club, must fill in and hand back the slip below. This includes current students. We will be working on a first come, first served basis next term.**

Have an Eggstastic Easter!

*****OPEN AUDITONS***** For ages 6 to 12 of all abilities. Come and be a part of the MAGIC of Berzerks' summer show "James and The Giant Peach".

The story of Roald Dahl's classic tale is faithfully told by James himself and the insect characters – Miss Spider, Old-Green-Grasshopper, Centipede, Ladybird, and Earthworm. The play begins at the end of the story, when James and his friends are living in the giant peach stone in Central Park, New York.

A tour guide brings a party of tourists (the audience) to see this major attraction, and James and his friends tell the story of how they came to live in New York. The insects play the other roles, like James's cruel Aunt Sponge and Aunt Spiker, and the epic journey across the Atlantic is acted out with live action, puppetry and storytelling in Berzerk Production's masterful adaptation.
