## Hot or cold?

In their Science this half term Class 2 have been learning all about different Habitats. They created their own hot or cold habitat and then compared them, to see how different they were and what animals were found in each one.

Thank you to those parents who came in during the morning sessions to see how hard your children work and the super work they produce. There are session next week during the afternoon.

We have been working with children and staff from Stansfield Academy in Exeter. Children and staff have been visiting the school to help build our potting and gardening shed. We are really pleased with how this is developing and can't wait for our children to be able to start using it.
