Happy New Year from everyone at Tedburn St Mary

New Term

Happy New Year. Welcome back to a new school term; we have lots of exciting learning planned for all our children for this term and lots of new developments within school too.

We are continuing to explore ways to develop the old swimming pool area and are currently looking at the feasibility of a modular build classroom and outdoor area being built. We hope to have new plans drawn up soon and look at fundraising and applying for grants and being able to start this term. Once these have been established we will share these with you, hopefully at the next parents forum in February.

Each year we look at and develop our curriculum within school to ensure a broad and well balanced curriculum is delivered across each class.

Staff are currently working on this and we will have a redeveloped two year rolling curriculum to share with you this term. We will be continuing to use Accelerated Reader to support reading across school, as it has really helped encourage children to read much more frequently as well as develop their understanding of texts they have read.

We welcome back Mrs Warren from her maternity leave and she will be working 4 days each week in Ash class, with Mr Middleton working each Friday. Mr Middleton will also be working across school covering PPA and delivering ICT to all classes.

We will, as always, work our hardest to help our children achieve their full potential. We will also strive to deliver lots of exciting learning opportunities throughout the year, which we know the children enjoy and get lots of excitement from. We will always put

these up on our calendar so that you know what exciting things we have planned. Please make sure that the office has your correct email or you do log into eschools, as all letters and messages are sent through this.

As always, should you have any concerns or worries please don't hesitate to speak to class teachers or myself.
