Head Teacher: Mr Simon Pollard

Dear Parents/Carers

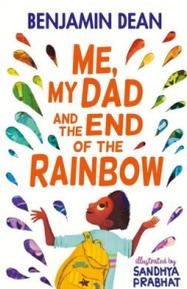

We are now deep into the traditional school Christmas period with termly assessments completed. There are lots of planned activities including Year Group parties, a virtual pantomime, Foundation Stage Nativity, and Christmas Dinner. The children are also busy recording Christmas songs which we will share with you.

With Covid cases higher than ever in the area we really want to make sure everyone gets to enjoy Christmas. Therefore, please can all parents wear masks when waiting to collect children, dropping off, or visiting the office. If you, or your child has any symptoms of Covid-19 please follow the guidance and if possible, book a PCR test. We have managed to keep cases relatively low at Carclaze but they are creeping up.

Some parents have asked when we will be sharing the report from our recent Ofsted visit. The report is currently going through it's quality assurance process and this can take up to 30 working days from the inspection. We will share it as soon as we receive it. Hopefully, this will be before the end of term.

6<sup>th</sup> December 2021

What's going on this week?

Facebook founder, Mark Zuckerberg has announced Meta, a new company brand for Facebook apps and technologies. Meta recently declared that they're changing direction from developing social media platforms to building what they're calling the next version of the internet. They've described the metaverse as a way of using the internet through virtual reality (VR). Instead of being on a computer, the concept means the user would use a VR headset to access websites and interact with others.

*Things to talk about at home...*

- 👤 Have you ever used a virtual reality (VR) headset? How do you think using a VR headset may change how we experience computer games and forums?
- 👤 In the future, do you think you would like to have a virtual life?
- 👤 What do you think are the benefits and drawbacks of having a metaverse?
