Care Communicate Persevere and Sparkle

8th February 2018

Dear Parents/Carers,

You should have now received an electronic version of the report from Ofsted following their inspection of the school on 17th/18th January 2018. It is also available on the school website www.carclazesch.org. If you would prefer a printed copy, please let the office staff know.

The report identifies that the school requires improvement. Although it noted that, the leaders' self-evaluation is reliable and they know what the strengths and weaknesses are and how to improve the school. In addition, the report recognised that despite some difficult times, Governors and school leaders are having a discernible impact on the quality of teaching, learning and assessment.

Parental responses were overwhelmingly positive - they particularly endorsed the welcome and support of Early Years' staff and the positive and nurturing start given to the children.

The pupils spoke highly about their learning and the REAL project curriculum. The Ofsted team identified the positive effect of pupils' strong relationships with staff.

The reports also states that there is a positive climate for learning where people show enjoyment and work well together.

The report contains a clear summary of areas for improvement and the strengths of the school. If you have, any questions after you have read it please get in touch.

Thank you for your support during the inspection and as we continue our improvement journey.

Yours sincerely,

Simon Pollard
