

School Emergency Closures

A Guide for Parents and Guardians

We recognise that the decision to close a school in the event of an emergency (e.g. snow, flooding, no water or heating) significantly impacts upon you, as parents and guardians. This document outlines the agreed procedure which all schools are asked to follow and offers advice to parents on the key things to consider, both before and after the decision to close has been made.

Guidance Given to Schools

Guidance and procedures are sent to all schools on an annual basis, usually at the start of the autumn term. To prevent the possibility of fraudulent school closures, schools are required to follow a verification process before providing school closure information. Headteachers are then asked to:

- Undertake a risk assessment, using common sense to determine whether it is feasible for children and staff to remain in the school; and if not, what subsequent risks could arise by sending them home. Before school hours start, schools are also asked to assess if the roads are safe for children to travel to school.
- Seek approval from the Chair of Governors to authorise the decision to close.
- Notify Cornwall Council and the three local radio stations (BBC Radio Cornwall, Heart FM and Pirate FM). Providing the school follow the agreed procedure, each of the radio stations have all agreed to broadcast details of all school closures.

How will I find out?

If the decision is made to close, you will be notified by the school's agreed notification procedure. For South Petherwin School this is:

- 1) **Notification from the local radio stations**
- 2) **Notification on the school's website:** <http://www.south-petherwin.cornwall.sch.uk>
- 3) **Notification on local radio station websites and Cornwall County Council's website**
- 4) Notification by text (only if the closure is during the school day). Please do not rely upon a text as staff may not be able to get into school to be able to send a text.

Should you need to contact the school directly, please be aware that the line(s) may be busy or unavailable when a large number of parents are calling at the same time.
