

Year 6  
WEEK BEGINNING: 18<sup>TH</sup> JANUARY

All activities will be set on Seesaw, with clear instructions. Please make sure your child watches all of the clearly linked teaching videos as they work.

I have added timings this week. I have had a few parents contacting me about how long the work is taking each day. My recommendation is for your child to complete the activity for the specified amount of time, and then they upload whatever they have achieved (whether that is the whole activity or only a small amount) to Seesaw. All children work differently and at different paces, and we as their teachers know this, so please don't worry!
