

PSHE and Citizenship at Georgian Gardens Primary School

Our PSHE and Citizenship curriculum aims to enable our children to become happy, healthy and responsible members of society. We want our children to acquire the knowledge, skills and attributes they need to manage their lives and to thrive. Our children need to be prepared to navigate growing up in a rapidly changing world.

Knowledge

Our curriculum is designed to meet the statutory requirements of Health Education, Relationships Education and Living in the Wider World. It meets the requirements set out in the National Curriculum and supports the schools work on SMSC and the British Values (Individual Liberty, Rule of Law, Democracy and Mutual Respect).

Skills

Our pupils need to be taught the skills they need to manage their lives and keep themselves safe and healthy, both physically and emotionally. The importance of helping others and co-operating for our mutual benefit is reinforced throughout.

Attributes

We want our children to value diversity and respect others – to see what we have in common and celebrate that.
