Dear Parents/Carers,

Internet Safety Meeting for Parents

Parents play a vital role in the Internet Safety education of their children, through promoting safe use of technology at home. However many parents are not sure what they should be telling their children about staying safe online and many parents are unaware of the dangers their children can face online.

As a school, we would like to help parents by providing an E-Safety session which informs parents and carers of the risks of the virtual world and shows them how they can manage those risks with their children.

We will be hosting an Internet Safety Session for KS1 and KS2 parents on Thursday 7th February at 6:00pm in the school hall. This session will be run by a consultant from Turn It On. We hope that you will be able to attend.

To give us an idea of numbers, we would be grateful if you could fill in the slip below and return it to us via your child's teacher. Please note this session is not suitable for children. Children across the school will be receiving an age-appropriate session about keeping safe online led by the consultant during the school day on Thursday.

Yours sincerely,

Samantha Dimbleby
Deputy Headteacher

Please return to the School Office

Name of child: _____ Class: _____

I / we will be coming to the Internet Safety Session on Thursday 7th February 2019.

I will require _____ seats.

Signed: _____
