Dear Parents/ Carers,

In the spring term, our science topic will be space. To help us to bring this topic alive for the children, we have arranged a trip to the National Space Centre in Leicester. The trip will take place on **Tuesday 5th March 2019**. The Space Centre will allow the opportunity for the children to watch a show in the planetarium and understand more about Earth's position within the solar system; to watch a live science show and learn more about how rockets are launched into space and what the effects are on the astronauts within them. They will also be able to explore a range of galleries and learn more about the planets, the effects of gravity and the history of the space race.

A voluntary contribution of **£19.45** per child is required to cover the cost of this visit. There is no obligation to make a voluntary contribution and no child will be excluded from the visit for financial reasons. If you feel you have financial circumstances which will cause difficulty in making a contribution, it is **essential** to talk in confidence to Mrs Gurton. If we do not receive a contribution and no contact is made with Mrs Gurton, we will send a reminder home with your child. In the event of insufficient voluntary contributions, the event may have to be cancelled.

To secure this experience please can you make payment of **£19.45** through ParentMail by **Tuesday 12th February 2019**. If you have any queries please feel free to contact the office.

The coach will leave school at **8:00am** and we expect to be back in school by approximately **4.00pm**. The children will need a packed lunch for the trip.

Yours sincerely,

Miss McGovern

Mrs Bailey
