17th March 2021

Dear Parents

SCIENCE DAY AT WOODSIDE

I am very happy to let you know that tomorrow our children will have the opportunity to experience a live and explosive science show provided by the Royal Institution.

We are hoping that these shows will inspire the children and develop their lifelong love for science. The Royal Institute will provide two shows:

Energy Live! Years 5 and 6

Join us on an exciting journey through the stores of energy that surround us. From elastic to gravitational, kinetic to chemical, see some fiery and explosive demonstrations of what energy is and how it affects our lives.

Explosive food! Year 3 and 4

See food in a new light. Find out about the incredible amount of energy contained in the food that goes in your mouth in this show packed with exciting chemistry and physics demonstrations.

This event is being paid for by the school. However, we have set up a payment on Schoolmoney if anyone would like to make a donation. The suggested donation amount is £3.50 per child but this can be altered to a higher or lower amount, and any donations would be greatly appreciated.

With best wishes

Dorota Milner
Headteacher
