

Summer (Term) is here!

Hopefully we can look forward to lots of sunny days to enjoy all the learning and events that we have planned this term. On warm sunny days remember to apply some sunscreen on your children before they come to school and supply them with a hat and drinks bottle. It is really important that we 'stay safe in the sun' and there are a number of good websites you could use, particularly www.shorething.rnli.org and www.freddyfit.co.uk.

We are also hoping for good weather (although I'm sure we will enjoy ourselves regardless) for our forthcoming residential at the Eden Project (next week) and Barton Hall (July). If your child is attending either of these please ensure that you have handed in the relevant medical and dietary forms and that all payments are up to date. If you require new forms or need to arrange a different date to make a payment please contact Miss Soper in the school office.

We weren't quite so lucky with the weather on Tuesday when our Y3/4 and Y5/6 football teams played the first leg of the Coast v Countryside Cup away to Luxulyan Primary School. However, we were thoroughly entertained by two brilliant games with superb skills and great sportsmanship. The Y3/4 tie is finely balanced after battling out a 3-3 draw in one of the most exciting games I've seen for a long time and the Y5/6 are in a good position to win their competition having won 8-0. I am sure they won't be complacent in the second leg though, which takes place at home on Tuesday.

As a school, even though it is only the start of the summer term, we are making preparations for the next academic year and it is with mixed emotions that I have to tell you that Mrs Bailey will be leaving us in September to take up a new post as Head of School in Camborne. We will be sad to see her go but are really pleased and excited for her on her promotion.

Mr Gynn

★ Stars and Citizens of the week! ★

Well done to everyone in Sea Turtles class who were all chosen by Mr Ringrose as stars and citizens of the week!

Attendance

Well done to Seals class this week who achieved the highest attendance of the week with 99.7%!
