Target Tracker

Band 3 - Computing

Steps

Computers

Recognise familiar forms of input and output devices and how they are used.

I know what input and output devices are and how they are used.

Make efficient use of familiar forms of input and output devices.

I can use a range of input and output devices efficiently.

Networks

Understand that computer networks enable the sharing of data and information.

*I understand that computer networks allow data to be transferred and shared.*

Understand that the internet is a large network of computers and that information can be shared between computers.

I understand that the internet is a large network that enables computers to share information.

Using Computer

With support select and use a variety of software to accomplish goals.

I can make choices on which program is best for a given task.

E-Safety

Use technology safely and respectfully, keeping personal information private.

I know I need to keep my password and personal information secure.

Use technology safely and recognise acceptable and unacceptable behaviour.

I can recognise acceptable and unacceptable behaviour online.

Net Searching

Use simple search technologies.

I can use a search engine to find web pages.

Use simple search technologies and recognise that some sources are more reliable than others.

I understand that not all websites are as reliable as others.

Coding

Design, write and debug programs that control or simulate virtual events.

I can produce a simple program that completes a given task.

Use logical reasoning to explain how some simple algorithms work.

I can explain how simple algorithms solve a given problem.
