### Question of the week:

If you could dream about anything what would it be and why?

### This Week's News:

**Sports Relief** - I would like to thank all of the children who supported the school to raise money for this year's Sports Relief charity day. Thanks to your donations the children were able to raise £200 for the charity. Thank you again for your continued support!

**Science Day** - This week the school celebrated Science Day. This year, we have decided that we would celebrate the world of science in two different ways. Firstly, we would celebrate Science Day in March and secondly raise awareness of healthy lifestyles in the Summer. As part of our Science Day celebrations each class looked at the work of different scientists. Nursery looked at the work of Chris Packham, Reception learnt about Isaac Newton, Year 1 found out about Noel Fitzpatrick and Year 2 looked at the life and work of Stephen Hawking. I know the children enjoyed learning about these scientists and some have become inspired by their work.

**Open Evening** - Unfortunately, due to unforeseen circumstances we will need to delay the Open Evening event until after the Easter Holidays. As soon as I have an appropriate date - I will inform parents immediately. I would like to personally apologise for the inconvenience that this change might cause. Thank you in advance for your support on this matter

Could I ask all parents/carers to drive and park with due care, consideration and caution when dropping off and picking up children from Breakfast and After School Club. It has been reported to me that there have been several near misses (in and around the school's car parks) in recent weeks. If this situation continues and children, staff and families are being put at risk by dangerous driving, I will be left with no other option apart from banning all vehicles from the school site during all parts of the day.

The Parents Association Easter Fair will be held on Saturday 28 March, 10am-12pm in the School Hall.

E-safety - Each week we will be providing some information, from the NSPCC, regarding apps and games that children may access.

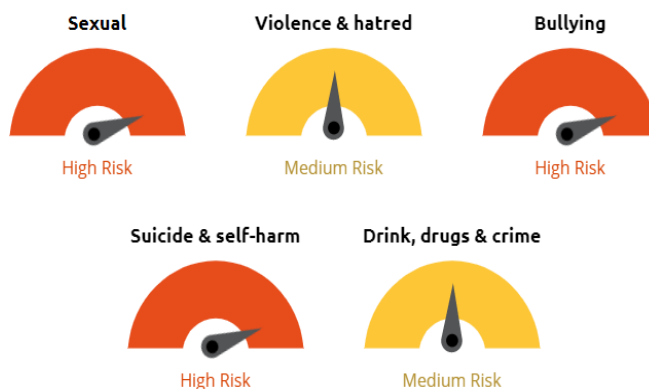

### Expert view of the risks...

**App Name:** Smule

**Official age rating:** 13+

**App information:**

Smule is an app that lets you record and upload your own karaoke versions of popular songs. You can do this by yourself or join other users. You can also livestream your singing and connect with other users in real-time to record together.

For further information on this and other games please follow the link: <https://www.net-aware.org.uk/networks/?order=title>

Or alternatively you can find further guidance and support on the school's website: <https://www.hadleigh-inf.essex.sch.uk/web/esafety/>
