

Hello everyone,  
 I am from Hughenden Primary and I am going to write about some exciting things about my school. We have new built classrooms for Year 1, 2 and 3. We have a big playground, a field and lots of sports equipment to play with. We also have breakfast clubs, afterschool clubs, tennis clubs and many more. In the local area there is a village hall, a church and huge farms. Every year, the whole school goes to the church and we sing harvest festival songs. When we are on the way to the church, we go through farms and mostly we see sheeps. It's a really nice place to visit every year. We have a village hall and every year at Christmas we put the lights on the tree and sing Christmas carols. There's a Manor house in Hughenden which is the home of Queen Victoria's favourite prime minister, Benjamin Disraeli. This is also a very nice place to visit. Goodbye everyone,
