If everyone on your team is down, you LOSE.

**THE MYSTERY OF THE MAGIC THIEF** - The story is set in a library where a very special magical book has been stolen - it's a powerful book of spells. But who knew of its existence? Who had access? And who stole it? Before the children can ask a questions they must complete an activity - matching fingerprints, shoeprints, discovering an alibi or playing hidden object games. Lots of different activities and quests.

In addition to the planned activities other activities will be available and the children will have the free choice to create their own play opportunities inside and outside. Please ensure children have spare clothes, suitable outdoor footwear, and if appropriate a lunch. Please note if it is necessary to change the planned activity, for whatever reason, an alternative activity will be put in place.
