

Oakwood Class: Summer Curriculum News,
This term's topic:

P.E.

It's summer and we will be striking and fielding as well as preparing for the track athletics events for sports day.

Literacy/Grammar

As the children implement their learning from the first two terms they will build a portfolio to showcase their writing skills.

PSHCE

As our year sixes prepare to move into secondary school we will continue our child led programme to make the transition as smooth as possible. Pupils will study an age-appropriate programme of Relationship and Sex Education

Maths

Roman numerals: Learning the rules and using them in relevant situations.
Statistics: The averages (mean, mode and median) and how to find them. Interpreting and creating charts and graphs.

As well as completing the SATs the children will be looking to build their independence through a programme of investigative work covering the whole of the KS2 curriculum.

History

This term we will be investigating some key events and people from the 1960s.

Art & Design

We will be exploring 'Pop Art' and making our own "Andy Warhol" style pictures.

Music

The children will be continue to play and learn the recorder.

Computing

The children will build their programming skills.

R.E.

We will explore how religion can interface with science and the concept of the trinity in Christianity.

Science

Animals in their habitats including humans. We will also explore the circulatory system.
