

Mission Statement

'BELIEVE, ACHIEVE, ASPIRE'

At St Buryan Academy we believe that the unique aspirations of each and every child should be afforded significant attention and stimulated accordingly.

Often seeded at a very early age, our innermost interests and aspirations will often live with us for an entire lifetime, yet go unfulfilled.

Our unique, award winning 'Little Book of BIG Ambition' is given to each of our pupils to record their dreams and aspirations.

No matter how dynamic the aspiration, we believe that positive well-being can come from supporting and encouraging a child to pursue what one day could be a dream come true!
