

## Phase 1 Homework Guide

This term we would like our homework task to be led by the children's individual interests in our project. For the first task we would like your child, supported by you, to be as creative as possible and design and make their own Autumn inspired project. These could be mosaics, paintings, junk modelling, science experiments or baking; the list is endless so let their imaginations run wild! This needs to be brought to school on Monday 12th October 2020.

For the second task we want to develop the children's oracy skills and would love you to make a video story of them sharing something from their home. The video should be no longer than 3 minutes and can be uploaded to Seesaw or emailed to your child's class teacher. They can focus on absolutely anything, a family pet, favourite toy or even a story. We really want the children to be able to share this with the rest of the class. This will be due in on Monday 14th December 2020.

Thank you for your continued support,  
The Phase 1 Team
