

Topic Tasks

Day 1 – 22/10– PSHE - Complete one of the 3 reading comprehensions on Martin Luther King (the 2nd one is harder but is much more interesting)

Day 2 – 23/10 – Science - Make your own slime using the Awe and Wonder worksheet. All you need is cornflour and food dye.

1. What happens when you pick the slime up, squeeze it or even punch or slap it?
2. Do you think it is a solid or a liquid?
3. How is it different to water?

Don't forget to wear an apron or old clothes. Ask an adult for permission before you begin!

Day 3 – 2/11– Art - Create a family portrait. Choose a family member and use the art activity sheet to guide you in how to draw an accurate sketch of a face. It gives great tips on how to create a realistic drawing! Did you know, for example, that eyes should be placed halfway up the face? I always used to draw mine much higher (which is possibly why my portraits never looked like the person I was drawing!). I cannot wait to see your pictures.

Alternatively, if you are sat in front of a mirror, you could even have a go at drawing a self-portrait!

Day 4 – 3/11– French - Learn how to spell and say the numbers up to 20 in French

Day 5 – 4/11 – French - Learn how to spell and say the days of the week in French
