Change Team Needs You!

The Student Council, the HSA and the School Change Team have been working really hard to put plans together for some exciting changes to our school grounds and **WE NEED YOUR HELP!**

Next week there will be a display board in the top yard sharing our plans in more detail. Please take a look and remember to add your ideas and suggestions.

If you can help in any way, or know somebody else that can then please get in touch by completing the table below and returning it to the school office asap.

Thank you for your help!!!
