Dear Parents

The staff and I have been pleased with the children's return to school before Easter and how they have conducted themselves in the last three weeks. It is lovely to see all the children settling into the current way of working and trying their best with their work. As the country starts to come out of lockdown, we know there will be changes to the guidelines and when we receive these we will let you know how this will affect the children and the school. In the meantime, please can we remind you to keep following the rules, especially wearing a face mask at all times when on the school grounds; your co-operation is always appreciated.

### Parents Consultations

Later this term we will be running online video consultations for all parents regarding their child's progress, before they move into the next year group. We will be using School Cloud, recommended by other schools that have recently used it. A separate letter with details of how to book an appointment will follow.

### Parent Questionnaire

The school will also be asking parents for their opinions through a series of online surveys. These surveys will be included in the future planning for the school. The first survey is about your child's experience with remote learning and the return to school. We will use the information to evaluate our online provision, just in case we ever need to use it again.

Please click on the link below and complete it by Monday 24<sup>th</sup> May.

We all have appreciated your support through this time which has been difficult for everyone, especially the children.

Kind Regards

Mr Russell
