Invention Shed / Outdoor classroom

Monday 23rd January 2017

Can you please ensure that no child rides their bike or scooter on school grounds. A number of older children are doing this and I have had a number of complaints about it.

We are delighted to inform you that the money raised from the Race Night and the children's grow £5 project has raised over £4000 towards a new invention shed/ outdoor classroom. This is not the original one we looked at as we have found something even better. Although the one we have found is a lot more expensive we believe your child is going to really benefit from it. It is a craft based invention shed with work spaces and materials (which the House of Objects come and replenish and tidy every single month). This package also means we get tools / shelving and bespoke training for all our staff. For purchasing the shed we also get 9 workshops for our children to work with a real artist to develop their creative skills even further. We are hoping to have this all ready and open for March so watch this space for our grand opening.

Football tournament

This Thursday some children from Key stage 2 will be going to a football tournament. A letter with further details will be going out tonight.

Have you signed up to the online safety workshops for parents? They are on Tuesday 7th February at 9am or 3pm. Please let the office know which one you wish to attend.

Talk4Writing

Your child may have been telling you about their talk4writing lessons last week. We are thrilled to start this new way of teaching literacy and we will be inviting you in soon to see what we are all learning.

Dates for the Diary

Tuesday—Reception and Nursery are off to Hardwick Park. Nursery collection will be 1.30p.m.

Tuesday—Kim's drop in session for parents of year 3,4,5 and 6 to discuss potential course.

Wednesday—learning through play children centre session from 9 a.m.

Warburton's talk on **Wednesday** for Key Stage 2—they will learn to make bread with people from Warburton's.

Warburton's talk on **Thursday** for Key Stage 1—they will be making sandwiches with the people from Warburton's.

Our Pupil of the week last week was **Ella**

Shields for her amazing attitude towards learning and for her fantastic exploring skills and map reading. Well done Explorer Ella.
