

Responsibility

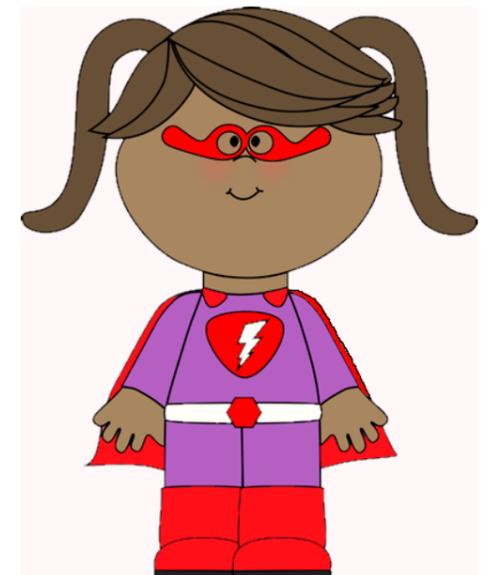

In Key Stage 1

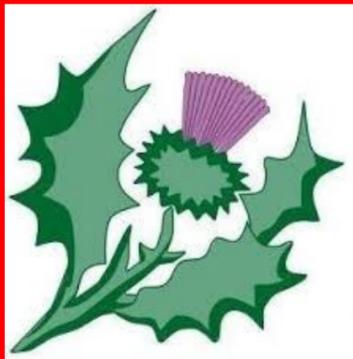

At St Margaret's Academy we have agreed that Responsibility is

'when you are in control of and accountable for a situation. This includes how you behave; how you approach your learning and how you treat other people. If you are given a responsibility you have a duty to carry it out.'

To show ourselves as being responsible members of our school and community we will:

- * Look after our own possessions and equipment, including our lunch boxes, jumpers and reading books.
- * Make good decisions about where we are - trying our best to be in the right places at the right times.
- * Make positive choices that keep ourselves and others safe, both in class and around the school.
- * Demonstrate good learning behaviours that show you are being responsible for your own learning.
- * Behave in a way that shows we are in control of our own actions and able to make good choices.
- * Make time to practise and persevere with things that we are finding hard in our learning.
- * Keep our environment clean, tidy and pleasant to be in, both in class and around school.
- * Try hard to independently solve our own problems.
- * Tell someone if we think that something is unsafe, unfair or upsetting someone else.
- * Speak politely and thoughtfully to others, always being considerate of the power of our words.
- * Listen to what we are being told by adults in the school and follow any rules that are in place.
- * Follow all of the other Core values of the school to the best of our ability.

Responsibility

In Key Stage 2

At St Margaret's Academy we have agreed that Responsibility is

'when you are in control of and accountable for a situation. This includes how you behave; how you approach your learning and how you treat other people. If you are given a responsibility you have a duty to carry it out.'

To show ourselves as being responsible members of our school and community we will:

- * Independently look after our own possessions and equipment including kits, letters and clothing.
- * Make consistently good decisions about where we are - making sure we are in the right places at the right times.
- * Make positive choices that keep ourselves and others safe, both in class and around the school.
- * Listen well and actively contribute in class, showing that you are being responsible for your own learning.
- * Behave in a way that shows we are in control of our own actions and able to make good choices.
- * Make time to practice and persevere with things that we are finding hard in our learning.
- * Keep our environment clean, tidy and pleasant to be in, both in class and around school.
- * Independently solve our own problems and be helpful to others in solving theirs.
- * Tell someone if we think that something is unsafe, unfair or upsetting someone else.
- * Speak politely and appropriately to others, always being considerate of the power of our words.
- * Listen to what we are being told by adults in the school and follow any rules that are in place.
- * Follow all of the other Core values of the school to the best of our ability.
