This week in PE

This week in PE has been slightly different, with every class taking part in the round the island sponsored race during their lesson. All children tried incredibly hard to get as many laps of the field so that their class would hopefully score the most miles and win an extra fun PE lesson. Miss Moseley and Mr Nash have been really impressed with the children motivating each other, effort and not giving up. Look out for next week when we announce the results and pictures!

Enrichment Clubs

It has been really lovely to see so many new faces turning up for afterschool clubs. All children have done really well and have enjoyed extra skills practice as well as mini matches. Look out for the letter on Monday which will have the clubs for after October half term .
