

# *Hemingbrough Honours Programme*

The Hemingbrough Honours Programme is a knowledge- based programme designed to encourage scholarly aspirations, contribute to learning in other areas, to support and develop the ability to commit learning to memory and to build resilience and concentration.

Children who wish to become graduates in the different study topics can study at home and in school during their own time, taking the Graduate test when they are confident and ready.

Upon Graduation in a subject, children will receive a certificate and be placed on the Honours board,

This will further demonstrate to their peers, parents, school visitors and the wider community how dedicated they are to their learning as well as inspire others to achieve.

Children will be given the information they will need and be supported to develop the skills they need in order to memorise, learn, retain and recall the information.

The subjects that can be studied are:

- English Literature
- Science
- Music
- Geography
- History
- Design Technology
- PSHE and British Values
- Religious Education
- Art
