

HEMINGBROUGH CP SCHOOL

Home School Agreement

At Hemingbrough School we work hard to create an environment in which all children can fulfil their potential and feel pride in their identity. It is our intention that they learn self discipline and respect for others.

We encourage fair-mindedness, tolerance and the capacity to listen to and value beliefs and opinions of others.

The children will have the opportunity to learn independently and co-operatively.

At Hemingbrough School we regard parents as partners in their child's education. An effective home-school partnership depends on good relationships and clear communication. At Hemingbrough we operate an open door policy so that we can share parents concerns as well as celebrate children's achievements.
