FAN Club AGM

19th October, 7.30pm via Zoom – all welcome! (zoom link will be sent later)

For those new to school, FAN Club is our school parent - teacher fundraising group. We meet throughout the year to plan and run a variety of events to both raise much need money for school, and to have fun!

You can commit as little or as much time as you would like. Please join us on the 19th and see if you could like to get involved.

Relational Approaches

Over the course of this year, we are implementing a new approach to behavior management called 'Relational Approaches' which has been proven to have a positive impact on behavior and social and emotional wellbeing. It is based around 5 principles:

Genuineness, Respect, Empathy, Responsibility and Growth Mindset. It is an approach that will be embedded across the whole school community – children, staff, parents.

We have already begun implementing some of the features of this approach, such as calming and restoring moments, but it will be a years' work to fully embed the approach.

The children across school will be doing some activities on Monday to further establish the approach. We will keep you updated throughout the year on our progress and its impact.

- School photos (individual and siblings in school only)

Friday 8th Oct 2021

Black History Week

The children have had a really great week learning about Black History. This has included: Martin Luther King, black sports people and their achievements, Rosa Parks, Mother Theresa, wind rush, black astronauts and much more!

We have also been reading lots of stories that include characters from differing cultures, talking about similarities and differences.

This is not something that will be restricted to our weeks focus, but will continue to be part of our school curriculum.

Donations needed!

Small World Figures

We are still collecting small world figures (used or new, real world or fantasy) for our Thrive Room. Please bring any donations to the front office.

Thank you!
