

March 12th 2021

Dear Parents and Carers,

I find it difficult to put into words how heart warming it has been to see all the children back together again after such a long time away. Their HUGE smiles and sheer joy at re-connecting is something none of us will ever forget and was truly magical. The teachers have reported that the children have come back prepared, motivated, ready to learn ... but exhausted by the afternoon! This shows how our joint work and your continued support, communication and commitment has really paid off. Your children have not been disadvantaged, you have risen to the challenge that was set and we are seeing huge progress in many key areas. I know trying to juggle between working from home and enabling your children to access home schooling has been incredibly difficult to navigate– it is something we have all had to adjust to in many different ways. However, there has been some really positive work and valuable opportunities that have led to different ways to approach learning, which we will be building on in the future.

Thank you to the parents who have completed our survey. I will send out the results before the end of term. Please read the rest of the notices for important information regarding the rest of this term.

Mrs J Dediccoat

Children's Spring term Report..

Teachers will be writing a brief spring term update and sending this to you via Dojo Portfolio throughout the final week of term. This enables all teachers and teaching assistants who work with your child to add a comment should they wish to.

A full written report will be sent home next term after we have had the chance to complete assessments in school. Parents evenings will also be arranged during the summer term to follow up on any concerns.

**This years Red Nose Day is on Friday
March 19th...**

If you would like your child to take part
then please donate **online** at
donation.comicrelief.com

The children can come to school wearing a
Red nose day tee-shirts, super hero
costume or red items of clothing.

Dropping off and picking up...

Please make sure you are not dropping your child before their allotted time unless you are happy for them to wait in the playground. School gates will NOT open before 8.30 am. I appreciate that some parents have siblings to drop off and the timings are spread out, however if you drop one sibling at the end of the allotted time and the other at the start it should work well. Any problems then please let the class teacher know. Please remember we do operate a before and after school club through premier sport. All staff would really appreciate your support with this.
