Pupil recognition

Kynance Star of the week:
Ashton for making good choices this week.

TLA Community:
Alexis for making every one laugh, helping her friends out and being kind always.

Gwithian Star of the week:
Kodi trying hard in writing.

TLA Community:
Lexi-Leigh kindness.
Home learner:
Kitty

Sennen Star of the week:
Abigail for writing a detailed and thoughtful letter.

TLA Community:
Laycee for showing fantastic Empathy towards others and Resilience in her Learning.

Home learner:
Olivia for practising her writing and spelling.

Fistral Star of the week:
The whole of Fistral class for their outstanding behaviour on their Minack trip.

TLA Community:
Roxy for being a reliable, honest and responsible member of the class.

Home Learning:
Aimen for consistent, frequent reading at home.

Pentire star of week:
Jude

TLA Community:
Faith

Home Learning:
Julian

Marazion Star learner:
For giving 100% effort to complete her learning tasks.

TLA Community:
Chloe for supporting others in the classroom.

Home Learning:
Josh and Evie for giving 100% effort to complete homework.

Class news - what's happening

Kynance:

Another superb week this week. The children had a visit from the Gingerbread Man - they saw a video of him in our outdoor area! We have been trying our new class oven out and some of us have been baking gingerbread men. We will be continuing to do this next week. The children have spent a lot of time outdoors this week as well - we have been making mud pies, picking our ripe strawberries and taking part in lots of water play! In Maths, we have been looking at simple additions within teen numbers.

Gwithian:

I am sure you have all heard by now about the amazing alien spaceship crash that occurred on the school field last week. The children used notepads to make notes when investigating the crash site and searched the scene to find clues about what could have happened. They believe it was 'Alan' the class alien who tried to build a spaceship to get home but it didn't work. They then wrote newspaper articles to report on this amazing news story. This week they have designed new ideas for Alan's spaceship and used a variety of resources in our new 'Space Station' role play area to build a small scale model of our designs. We are going to learn about Neil Armstrong and continue embedding our understanding of sharing and early division.

Sennen:

This week Sennen have worked hard to write fantastic imaginative letters after they received a message in a bottle! This week we will be writing Non-Fiction texts about a sea creature. In Maths we have been exploring Weight and Capacity - we will continue with this theme this week. Practise at home by looking at packaging around your house and how much they weigh or contain. In Topic sessions we will be thinking about Rockpools and the countries of the UK as well as making our Seagull finger puppets. We are looking forward to Sports Day too don't forget a water bottle and PE kit on Tuesday!

Fistral:

Everyone enjoyed their trip to the Minack this week and we were complimented by staff on our lovely manners. We will be doing some follow up work next week, writing recounts of the trip. It is well-being week in school next week so there will be lots of different things going on, including Sports day on Tuesday afternoon.
If not already done, can you please pay via parent pay for the Minack trip and ice cream as payments are now outstanding. Thank you.

Pentire:

Pentire are excited to enjoy well being week. We are looking at persuasive writing to try and convince someone to buy our special smoothies. In maths, we are continuing to look at different ways to interpret data including bar graphs, pictograms and line graphs. In science, we are looking at what happens to matter as it freezes and heats up and enjoying a chocolate experiment to test out our understanding.

Marazion:

During Literacy, in Marazion class, we will be analysing a legend linked to our topic 'Hola Mexico'. In maths we will be learning about position and direction. In science next week we will be identifying electrical conductors and insulators. During topic pupils will be participating in our health and well being week activities as well as covering aspect of SRE.

School attendance:
We finished the week
with **94.7%** whole
school attendance.

Class attendance:
Kynance 97.5%
Gwithian 96.8%
Sennen 93.2%
Fistral 94.3%
Pentire 93.1%
Marazion 93.7%

A much better week
but we are still falling
short of the expected
figure for each class!

Outstanding payments

Can you please pay for outstanding trips, camps, fees and lunches via parent pay before the summer break so these debts are not carried over to September. Thank you.

BBQ appeal

FOTLA still need somebody to do the BBQ at the summer fair 28th June and the Year 6 leavers celebration 22nd July. We have the use of a gas BBQ. If you can help us out please see Miss Saunders. Thank you.

Bric-A-Brac and raffle prizes

If you have any unwanted items we can sell, give as a prize at the summer fair please drop them in.

Missing-Sports award trophy

Can you please help us find the missing silver cup/trophy that is probably in somebody's bedroom. Thank you. Mr LDL.

Well-being week

Parents are welcome for a fitness session
Friday 28th June 9-10am in the hall. You will need to complete a medical form. Mr LDL
