Pupil recognition

Kynance Star of the week:

Finley R for following our school rules, listening very well on the carpet and focusing during our activities.

TLA Community:

Vinnie for following our school rules consistently this week and being wonderful friend.

Gwithian Star of the week:

Leonie for making great choices in her attitude towards learning

TLA Community:

Lily-Rose for following our school value of integrity by being a responsible and truthful member for our class.

Home learner:

Florence

Sennen Star of the week:

Phoenix for being focused and working hard.

TLA Community:

Hudson always aspiring to be the best he can be.

Fistral

TLA Community:

Alysia for showing resilience when travelling by taxi.

Pentire star of week:

Riley for sharing an interesting way to solve a problem that helped the class's learning.

TLA Community:

Keta for making always putting in 100% effort and showing fantastic resilience at all times.

Marazion Star learner:

Rocco for giving 100% effort to ask relevant and high quality questions.

TLA Community:

Evie for participating in all learning activities to a high standard.

Home Learning:

Zaidee for giving 100% effort to complete homework.

Class news - what's happening

Kynance:

Another great week for Kynance. We went to Pizza Express to make our own pizza. We kneaded the dough, added flour, shaped the base, added tomato sauce on and mozzarella. We also tried lots of other food items, such as anchovies! We then came back to class to find that some of the strawberries that we had grown were ready to pick. We had 8 in total and we all felt, smelt, licked and ate our strawberries. It is great to see the children plant fruit and vegetables to see the process of growth. We also had our cocoons hatch into moths. We found the moths in our classroom and released them! Although its only been three days, we have learnt so much this week. The children's behaviour has been fantastic and we are all so proud of them. Keep adding updates onto Tapestry as we love to see the children's progress outside of school too. **Can you please bring in egg boxes for an activity next week.**

Gwithian:

A great start back to the final half term in Year 1. The children have returned with some brilliant attitudes towards their learning and have already shown me they are ready to begin their learning all about space. This week we have begun looking at the solar system, naming and painting planets. We have dipped into array in maths and will continue this next week. Next week is the National Phonics Screening Check, you should have all received a letter with some frequently asked questions. Please read this and let me know if you have any further questions. We have been practising a lot in class so the children are familiar with the style and I know they will do brilliantly. Please feel free to practise over the weekend if you and your child want to. Have a wonderful weekend.

Sennen:

Sennen have had a good first week back. We have started reading our new story The Lonely Sea Dragon ready to write our own character descriptions next week. In Guided Reading we have also started reading Tiddler, next week will compare it with other books we have read by Julia Donaldson. In Maths we will be looking at Shapes and Money. We have also been learning about the living creatures that are found on the seashore and the human and physical features of a beach. Next week in Science we will be learning about creatures that are alive or dead or have never been alive. We will also be making some sea birds in DT using felt.

Fistral:

We've had great start to the final term. WE have continued with our Flow topic this week. Please continue to read with your child at home. Thank you to those parents that made to our camp assembly on Friday.

Pentire:

We will be starting our new topic on Potions! We will be spending two days working to create our own smoothie mixture and writing instructions so that we can recreate them at home. In maths, we will be looking at time and moving onto measurement as we make our smoothies. In science, we will be revisiting states of matter and discussing the different states of ingredients that we have in our kitchens. We will also revisit the digestive system and look at the types of nutrients that we eat during the week.

Marazion:

During Literacy, we will be focusing on grammatical features in texts. In maths we will be continuing to learn to convert units of measure. In science next week we will be learning to compare and group materials according to their properties. During topic the pupils will be creating Mexican mirrors.

School attendance:
We finished the week
with **86.9%** whole
school attendance.

Class attendance:
Kynance 82.1%
Gwithian 78%
Sennen 83.4%
Fistral 92.3%
Pentire 90.2%
Marazion 92.7%

A disappointing start
to our final term. Can
we please work
together and ensure
the
children are attending
school each day.

Bags for school donations
We raised £92.00 for the school with 230kg of
donations. Thank you to everybody that bought bags
in.

After school clubs
We still have spaces in our paid for activities:
Fencing, Karate and Surf.

Lego club is full

Book bags
Can you please check your child's book bag on a
weekly basis for letters sent home. Thank you.
