Dear Parents,

In order to alleviate the pressure on school leaders, the Local Authority are offering the COVID School Enquiries inbox to parents and carers between the 21st and 24th December. This will be open from 9am – 5pm each day.

Email: COVIDschoolenquiries@gloucestershire.gov.uk

Telephone: 01452 426015

Parents and carers should continue to inform the school of any confirmed cases, if symptoms have developed within 48 hours of last being in school. You do not need to notify the school if the symptoms develop at a later date than this. Where parents and carers inform the local authority of a positive case of Covid-19 in a school age child, the local authority will arrange to contact the named person from the school.

At all other times, during the Christmas Break, please inform us of any Covid issues on the number issued previously, [07506650103](tel:07506650103).

Thank you for your help in being vigilant and informing the local authority or the school as a matter of urgency.

Yours sincerely,

Mrs Rachel Dare,
Executive Head Teacher.
