

The Year 6 teachers would like to say how well the children have settled into the year group and how pleased they are with their attitude and behaviour. Thank you very much for your support.

The Year 6 teachers will continue to work on a programme to ensure that any key skills that may have been missed due to the pandemic are taught to the children. We will continue to work hard to ensure that your children are safe and able to learn.

Your child will continue to receive homework every week. Please remind them to bring it into school on time. We would be grateful if you could encourage your child to read as often as possible. Our Reading Records will celebrate their achievements. Alongside this, it is important that your child continues to practise their times tables. This really does make a difference to them!

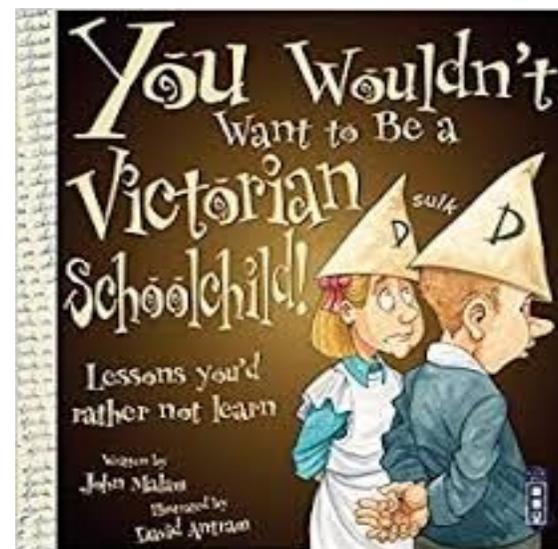

Additional support can be given at home through Times Table Rockstars, Readwriter and Reading Eggspress which can all be accessed through our school website, www.clarendonjuniors.co.uk. If your child has lost their logins for these, please contact the class teacher.

Year 6 Teachers

Mrs Green — Upper Phase Leader and Asian Elephant Class
Mr Outhwaite and Mrs Westall — Jaguar Class
Miss Bradley — Orca Class

**Year 6
Autumn Term 2 2020
Take One Book
*You Wouldn't Want To Be A Victorian
Schoolchild* by John Malam**

LITERACY

The Literacy themes will include fiction, non fiction and poetry. The children will explore narrative, recounts and instructions. They will develop a widening vocabulary of description in stories and poetry. Alongside this, the themes will provide the opportunity to progress your child's skills in grammar, punctuation and spelling.

SCIENCE

Through our Science topic on Animals including Humans, the children will identify and name the main parts of the human circulatory system and describe the functions of the heart, blood vessels and blood. They will learn to recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function. They will learn to describe the ways in which nutrients and water are transported within animals, including humans.

COMPUTING

Children will continue to be reminded of the importance of internet safety. They will extend their programming knowledge to create a quiz using Scratch coding that will be linked to our book for the term.

Homework

There will be 1 piece of English homework and 1 piece of Maths, given out on Thursday for return the following Monday. Spelling homework will be given on Friday to be handed in on Wednesday.
As well as this, Year 6 need to read at least 5 times a week and learn all their times tables and the related division facts.

MATHS

This term we will continue to consolidate the four operations of addition, subtraction, division and multiplication - with a particular focus on the written formal methods of long division and long multiplication. In addition, we will be looking at fractions and decimals and exploring position and direction. In all concepts covered, we will learn the basic skill and then apply this in different ways through different styles of questions using reasoning and problem solving.

Autumn Term 2 2020 Year 6

THEME: Take One Book

HISTORY

All the history work this term will link back to the book, 'You Wouldn't Want To Be A Victorian Schoolchild'. We will look at key people and events in Victorian history and will discuss social issues from the time. The children will also have the opportunity to take part in a Victorian day later in the term.

P.E.

This term the children will be doing dance and netball. Please ensure they have the correct PE kit for both indoor and outdoor PE.

MUSIC

Music will continue to provide the opportunities to listen and appraise a variety of music. They will also have opportunities to compose their own pieces of music and perform them.

RE

In R.E, Year 6 will be exploring Christmas traditions and the importance of Christmas to Christians.

Modern Foreign Languages

The children will continue to develop their conversational French specifically about important places in France. They will also practise writing key phrases to build on their learning.

ART

This term, art will focus on sculpture. This children will experiment with different ways of arranging and joining 3D sculpture.

PSHE

The theme this term will be 'Celebrating Differences'. This will be taught and reinforced through class work and assemblies.
