

Welcome to Year 6 and Orca class.

We (all the Year 6 teachers) are looking forward to welcoming you back to school in September. It will be great to see you all again.

I have really enjoyed teaching you since March in Year 5 and I am really excited to be teaching you again in Year 6! We will also have Mrs May, as our class TA, working with us and she is great fun! Mrs Hull and Mrs McCourt will also be moving up to Year 6 with us too.

I love teaching and, obviously, really enjoy teaching Maths! I love finding the answer to things and exploring how and why things work and digging to find the reason for different outcomes.

I love teaching all the other subjects too- especially Reading. I love how a book can take you to a different place and let you explore so many new places and things.

As you all know, I am a massive fan of Harry Potter. I love reading the books and watching all of the films. I am currently reading the illustrated version of The Chamber of Secrets with my daughter and love looking at the different pictures and interpretations of the story. Keep your eyes peeled for any of my Harry Potter themed t-shirts and stationary in class!

When I am not teaching, I love spending time with my two children and seeing the rest of my family. We love to go ice skating and walking our dog, Max, in the woods.

Year 6 is a brilliant year to be in. You will work hard; however, you will also have a lot of fun as well.

The way the day is organised is very different in Year 6. You will have three different lessons in the morning. Literacy is always with Mrs Green; Maths will be with Mrs Wardle. Mrs Westall will be Computing, History and Geography and Mrs Knowles will be teaching Science and Games.

Please do not worry about this - we will let you know what lesson you are having and when.

This really helps you get ready for secondary school and helps prepare you for your tests in May.

The tests in May may sound scary but they aren't and you will have done the work that you need for them by the time you have to do them - honestly! All the teachers prepare you for the tests and help you get there.

All the adults in Year 6 are here to help you and we always do. If you need to talk to any of us, we will always listen and help you. However hard you work, we really care about you and want you to be happy, confident learners.

I hope you have a great Summer holiday and I look forward to seeing you at the start of September.

Mrs Wardle.
