

Welcome to Year 6 and Pangolin Class.

We (all the Year 6 teachers) are looking forward to welcoming you back to school in September. It will be great to see you all again.

Mrs Carpenter will be our TA in Pangolin class and I know you will all really enjoy working with her.

Mrs Westall

Hi Pangolin Class,

I am very excited that I will get to teach you again this year. I enjoyed teaching you once a week when you were Polar Bears! ☺

I will be teaching in Pangolin Class on a Monday, Thursday and Friday.

My favourite subject to teach is History and I am really looking forward to introducing you to our topics this year. We have a lot of interesting things to cover and it is great fun delving in to the past.

When I am not at school, I enjoy running (over the last two years I have completed three marathons), I also enjoy acting and spending time with my two boys aged 6 and 9.

Mrs Knowles and I are really looking forward to working together again. We have shared a class before and understand the importance of keeping in touch to ensure the class runs smoothly.

Mrs Knowles

Hello Pangolins,

I have met you at different times over the last three years and I am looking forward to teaching you in your final year at Clarendon Juniors.

I will be teaching in Pangolin class each Tuesday and Wednesday.

I really enjoy teaching RE and I am looking forward to our reading sessions each afternoon.

My two children are now grown up and have left home but I love spending time with them whenever I can. One of my hobbies is reading and I also enjoy baking.

I hope you have a great Summer holiday and I look forward to seeing you at the start of September.

Year 6 is a brilliant year to be in. You will work hard; however, you will also have a lot of fun as well.

The way the day is organised is very different in Year 6. You will have three different lessons in the morning. Literacy is always with Mrs Green; Maths will be with Mrs Wardle. Mrs Westall will be Computing, History and Geography and Mrs Knowles will be teaching Science and Games.

Please do not worry about this - we will let you know what lesson you are having and when.

This really helps you get ready for secondary school and helps prepare you for your tests in May.

The tests in May may sound scary but they aren't and you will have done the work that you need for them by the time you have to do them - honestly! All the teachers prepare you for the tests and help you get there.

All the adults in Year 6 are here to help you and we always do. If you need to talk to any of us, we will always listen and help you. However hard you work, we really care about you and want you to be happy, confident learners.

A suggestion.

You will find that lots of the teachers in Year 6 really enjoy the Harry Potter books. If you haven't read them yet, it might be something you would like to do over the summer holidays. However, don't worry if you can't as we will happily tell you all the important bits in September ☺
