

Hello future Giraffes!

My name is Miss Strong and I'm really looking forward to working with you all next year! Within our class, we will also have Mrs Swinscoe working with us; she is incredibly kind, helpful and fun so I know you will enjoy getting to know her!

Now a little bit about me. I love music and singing and I run the school's Choir and Music assemblies. I often like to listen to quiet background music within the classroom and I love to play a range of different genres. Next year, I will ask you what your favourite music artist/genre is so that we can play that in the classroom too! Additionally, I love Sport and Physical Education! I have taught Year 4 and 5 swimming lessons for the past two years and I have also taken Netball teams to High 5 Tournaments. I like to get involved in Physical Education lessons, so if any of you want to challenge me to a running race next year that will be fun!

When we come back in September, you might be nervous about starting a new year, but Mrs Swinscoe and I are going to be there to make sure you are happy and are enjoying your time at Clarendon. We are going to have so much fun and I have already got some fun games and activities planned for you all to complete when you get back! In the classroom, there will also be a 'Worry Box' where you can write down any of your worries without anyone knowing or seeing you do it. I will check the box every night and then do everything in my power to put things in place to make you feel better and happy!

I cannot wait to meet you and have a wonderful year learning lots of new and exciting things.

From,

Miss Strong ☺
