What is an information report?

In line with the Special Educational Needs and Disability Code of Practice 2015, all schools have a duty to publish information on their website about the implementation of the policy for children with Special Educational Needs (SEN). Within this report, you will find information about the provision we offer to support children with Special Educational Needs or Disabilities (SEND).

<p>Who's who and what do they do? How do I contact them?</p>	<ul style="list-style-type: none">➤ Class teachers have the responsibility for the achievement and progress of all children in their class. Class teachers are available in the playground after school or may be contacted via their school email addresses.➤ Mrs Fulbrook, SEND Director for Acorn Education Trust, is the Special Educational Needs Coordinator. Her role is to monitor and coordinate provision, provide advice and liaise with parents and outside agencies. She may be contacted in the first instance via email (fb@acorneducationtrust.com) or through the school office. Mrs Fulbrook does not work full time within the school.➤ Mrs Huxham is the headteacher of West Ashton School.➤ Mr Foo is the governor with responsibility for SEND.➤ We have a small team of teaching assistants who are trained to deliver a range of interventions and support programmes and who also support within classes.
<p>How does the school know if my child needs extra help?</p>	<ul style="list-style-type: none">➤ On a daily basis, teachers evaluate their lessons and consider whether individual children are making the expected progress within the lessons.➤ Children are assessed each term and their attainment and progress is tracked by the class teacher and by the headteacher.➤ If the class teacher has any concerns about a child's attainment or progress, he/she would make contact with the child's parents to discuss the best way to support the child.➤ Should concerns continue, the class teacher will discuss these with the SENCo and agree the best way forward.➤ Following each data collection, the SENCo will review the progress of children with SEND and decide on an appropriate course of action. <p><i>'Slow progress and low attainment do not necessarily mean that a child has SEN and should not automatically lead to a pupil being recorded as having SEN...Equally it should not be assumed that attainment in line with chronological age means that there is no learning difficulty or disability.'</i> Para 6.23 SEND Code of Practice 2015</p>
<p>How does the school assess my child's SEN?</p>	<ul style="list-style-type: none">➤ If there have been ongoing concerns about a child's progress and/or development, the class teacher will consult with parents and the SENCo. If necessary, referral will also be made to the 'Wiltshire Graduated Response to SEND Support' (WGRSS) – this gives guidance regarding procedures and strategies and helps to inform decisions about how best to support the child's needs. Most children can be supported successfully at this level. A One Page Profile may be written by the class teacher to outline how best to support the child.➤ Additional assessment from the Acorn Education Trust SEND team or SENCo may be requested.

	<ul style="list-style-type: none"> ➤ If necessary, the child may be added to the SEN Register at the ‘SEN Support’ level. A One Page Profile will be written alongside an SEN Support passport to monitor progress against two specific targets per term. ➤ In response to individual needs, a ‘My Support Plan’ may be written, so that progress can be closely monitored and additional support put into place as necessary. Parents will be consulted and kept informed. ➤ Should the class teacher or SENCo have ongoing concerns, with parental consent, they may refer the child to an outside agency who can support with the identification and assessment of individual needs. ➤ Whilst most children will have their SEN needs met at ‘SEN Support’ level, a small number may require an Education, Health and Care Assessment to determine whether the Local Authority needs to provide a higher level of support and funding in order to meet the identified learning outcomes. ➤ Children who have an Education, Health and Care Plan (EHCP) will have a formal Annual Review Meeting to review progress and current needs as well as regular review of their individual termly targets.
