

Year 2
Autumn Term 2 2020
Terrific Toys

Magenta, Indigo and Turquoise Class

PSHE

We will learn about individual differences and how we are all special and unique in different ways.

RE

We will share the Christmas story and learn about why this is an important time for Christians.

Music

We will use 'Charanga' to explore music genres. We will listen to, appraise and learn the lyrics of a song called 'Ho Ho Ho'.

British Values

We will be looking at how we demonstrate tolerance and mutual respect to others, as well as looking at how we demonstrate this online.

English

In English we will use the book 'Lost in the toy museum' by David Lucas and 'Toys in Space' by Mini Grey to help us write our own story about toys that come to life. We will share the story 'Pinocchio' to create a character description and a diary entry to describe his actions and feelings. We will write a set of instructions on how to make a hand puppet. In Guided Reading we will share a wide variety of texts linked to our theme.

DT

We will design and make our own hand puppets. We will use scissors to cut around a template and to use a simple stitch to join two materials together. We will also create our own Victorian Peg Doll.

History

We will look at artefacts of toys through the ages and use this to create our own timeline of toys. We will also learn about how and why Bonfire Night is celebrated each year.

Vocabulary

Toys, change, timeline, past, present, 21st Century, Victorians, artefacts, materials, properties, puppet, doll, whip and top.

Maths

We will continue to develop strategies to solve addition and subtraction sentences and apply this to our knowledge of money, combining amounts to make a particular value. We will also develop our understanding of multiplication and division.

Science

We will explore different materials and use adjectives to describe them. We will identify the use of everyday materials and investigate their properties. We will also investigate which materials are best suited for a toy car to move across easily and find a waterproof suit for Traction Man.

Computing/Art

We will use search engines to find photos of toys and learn about what makes a good photo. We will take photos of toys using iPads and edit and enhance them using software on a laptop.

PE

We will be continuing to develop our key skills in. We will also be learning the game curling and competing in intra-sport curling competitions.
