Week ending Friday 19th June

We hope that you are all doing well. This week has seen the return of some of our year 6 children into our 2 year 6 bubbles. The children have settled incredibly well and it is lovely to see them back in classrooms; albeit not in the way that we are used to. If your child is in year 6 and you would like them to return to school, please do contact us via help@pennoweth.cornwall.sch.uk and we will be able to give you more information. We are also opening up one more bubble on Monday (this is most probably our final bubble in the current conditions) as an extension of our keyworker main hub.

Take care and we look forward to seeing you all soon.

Safeguarding

Please remember to get in touch with us once a week so that we know you are all ok. The easiest way to do this is by emailing in. You can email the key stage addresses (these are given on the front of the website or use the help@pennoweth.cornwall.sch.uk address—this is monitored every day).

TWITTER

As a way of sharing some of the children's work, and another forum for messages, we have created a new school twitter account. This is linked through to the front of our website so you can see messages there as well as through twitter. If you do access twitter, or want to start (!), you can find us at **@pennoweths**

Please do keep sending in work to share with us; we will post lots of these pictures to the twitter account to share with the wider school community. We will also post some pictures of some of the work going on in school.

Classes for September / Transition

As you will be aware, there is no real clarity just yet on what September will look like. We are incredibly hopeful that we can welcome all children back to school, and will plan to do so, but that may not be possible—or, if it is, it may look different to 'normal' school. We will, of course, let you know as soon as we have any further information on this.

We are finalising the class lists for the next academic year and will shortly be in touch with you to let you know who your child's teacher will be. We are also looking at the ways in which we can support the 'transition' into new year groups and classrooms for children at this time when physical visits are not possible. Please watch out for texts informing you of new letters and /or emails.

Blended learning

In reference to school from September, we are currently looking to consider what different 'models' of learning could look like. As part of this planning, we would love to hear your views on what has been working well, what has been really tricky, what we could have done better and how you have been doing since the start of the lockdown.

We will be sending out a questionnaire to you next week to help us gather your views. Please do take the time to respond to this if you can. We very much value your opinions and thoughts and will ensure that we incorporate them as we begin to think about our next steps.

Happy birthday this week to:

Ruby (Y3), TJ (Y3), Maddie (Y2), Jaylen (Y5).

We hope you had a wonderful day!
